This rose is bound to prove one of the finest additions to the list of climbing roses. Its vigorous growth is shown by the fact that it grows to a height of fifteen feet in the first year. Its foliage is a dark, shiny green and mildew proof. The flowers, if anything, are larger than those of the bush type, and it blossoms without intermission throughout the entire rose blooming season.

Our No. 1 grade roses packed with moss for freight or express weigh about 70 pounds per 100. About 35,000 plants can be loaded in a refrigerator car.

**SPECIAL PRICES** and easy payment system are offered in our conditional sales contract for orders of 1000 or more plants. Prices quoted upon request.

**FREE PACKING**—We do not charge for packing, boxing and material.

**EXPRESS** — All stock packed light with paper in veneer boxes for express shipment unless ordered for paper packing; however, we advise the former method since it keeps the roses in the best condition. Unless quantity is sufficient for box packing, roses will be packed with paper.

**CLAIMS**—Before receipting for the shipment, examine it to see if apparently in good shape. If there is any complaint to make, the same must be forwarded to us immediately upon receipt of the plants. It is mutually agreed to between the purchaser and ourselves that we shall not at any time be liable for any amount greater than the original purchase price of the stock.
